MORNING DISCUSSION TOPICS

Topic: Mobility as a Strategic Workforce Planning Lever:

- How can organisations use mobility proactively to address workforce capability gaps and future talent needs.
- Is mobility involved early enough in workforce planning and talent strategy discussions?
- How do we shift from reactive requests to proactive planning?

Topic: Mobility as a Leadership and Talent Development Accelerator:

- How can organisations use mobility to strengthen leadership pipelines, support talent strategy, and create equitable development opportunities?
- How closely is mobility linked to talent and succession strategies in your organisation?
- How should organisations measure the success and long-term impact of career development assignments on both individuals and the business?

AFTERNOON DISCUSSION TOPICS

Topic: The Rise of Capability Mobility:

- How are evolving workforce models reshaping the definition, delivery, and governance of mobility?
- What does "mobility" mean in your organisation today, and how is that definition changing?
- What risks emerge when organisations enable cross-border remote work informally?
- How do you balance workforce capability needs with increasingly complex immigration restrictions?

Topic: Workforce Visibility Through Mobility Data and Technology:

- How can organisations leverage data, technology, and AI to enhance workforce insights and strategic decision-making?
- Where is AI likely to have the greatest impact on mobility, workforce planning, and decision-making?
- How can technology enable more effective workforce planning and talent deployment conversations?
